The spacious kitchen encourages group participation in meal preparation. Plentiful easy to clean counter space and plentiful cabinet space beckon everyone to take part.

The kitchen overlooks the swimming pool enabling the cooks to keep an eye on the outside activity and participate vicariously while inside.

The family room is open to both the breakfast area and the kitchen. It features a fireplace with marble surround, an easy to clean hardwood floor, and views of both the tranquil front yard and the swimming pool in back

Two bedrooms have a bath en-suite.

The downstairs master bedroom has a sliding glass door leading out to the patio and tranquil lawn covered side of the back yard.

A short hallway heading towards the opposite side, goes past the downstairs laundry closet out to the swimming pool.

The bath features both a large tub and a sauna room.
