

The entrance to the upstairs unit is at the back (to the right of this view of the downstairs entrance).

The upstairs unit also has a kitchen featuring hardwood cabinets, white & black tile counter top, and a tile floor.

The bath has similar colors and materials. It has a shower over tub.

The upstairs has both a living room and dining room. The room closest to the kitchen is open to a balcony. The other has a southern exposure, ideal for studies or office work.

The bedroom has north and east facing windows, a walk-in closet, and is separated from the dining and living rooms by a short hall.
