

The spacious kitchen, open to a good sized informal dining area, provides space for multiple cooks so that meal preparation can be a group event. Plentiful storage space and top end appliances support the efforts of the cook(s).

The adjacent formal dining room is connected to other rooms via large arched passageways and is light filled by glass paned doors.

The formal living room, with vaulted ceiling, fireplace, and windows on three sides is a great place to meet with guests.

The large master suite bedroom has a small balcony overlooking the expansive backyard towards the heart of downtown Palo Alto. The coved ceiling and other details create an enjoyable environment.

The master bath features a stone tile floor, a large tub set in a stone tiled platform, a large glass doored shower having stone tiled walls with tile insets, and a granite topped hardwood vanity with dual recessed sinks.

A covered patio will let you enjoy looking over your peaceful backyard year long.

470 Ruthven Ave,
Palo Alto, CA 94301
