

The natural light filled living room, with high ceiling, greets you and your guests. An inviting dining area is open to the living room and is separated from the kitchen by a breakfast bar.

The modern kitchen features black trimmed stainless steel appliances, stone counter tops, and light, warm, colored wood cabinets.

Appliances include a side-by-side refrigerator, a free standing gas range, a microwave over range and of course a dishwasher.

Two large bedrooms are upstairs. Each has its own bath en-suite.

The larger “master” bedroom has a two sink vanity in an alcove at the entrance to the bedroom. A large shower with glass doors and smooth synthetic surround is at the right of the vanity while the toilet is in a small room to the left. This bedroom also has a walk-in closet.

The second upstairs bedroom has a bath in a room off the bedroom. The bath has a glass doored shower over tub.
