

3711 Heron Way, Palo Alto, 94303

3BR/3BA | 1,218 sq. ft. | Built 2008 | Green Building

This beautiful 3 bedroom, 3 bath townhouse was built in 2008 incorporating many green building standards including a 2.0kW photovoltaic panel.

The front entrance is reached by wide beautifully landscaped walks leading through a wide greenbelt up to the raised front porch.

The public areas have an open floor plan and are on a single floor. At the front is the living room with a large glass expanse letting in natural northern facing light.

The kitchen has rich warm stained wood cabinets, stone counter tops, and energy efficient stainless steel appliances.

This beautiful home puts you within walking distance of several high-tech employers, the bayland nature preserve, and shops.
