

4133 Park Blvd, Palo Alto 94306

3BR/1BA | 1,069sf | Spacious Lot: 7,102 sf | Top Schools

The city of Palo Alto parcel report states that a 2,854 sf single story house is within the zoning limitations. Although the home has had some beautiful remodeling done and is in move-in condition, the size of the lot is surely attracting the attention of people wanting to build a large new home.

This beautiful, remodeled, home has an open floor plan with wood floors throughout. The living area - dining area have a view though a wall of glass looking out over the spacious backyard.

This wonderful home is within easy walking distance of many restaurants and shops, even within moderate walking distance of the Caltrain station.

Highly rated Briones Elementary, Terman Middle, and Gunn High.
