

The living room is separated from the main office and provides a peaceful location for either family use or private meetings.

Revel in easy dining options with a wonderful eat-in kitchen, black stone counter tops and recessed panel hardwood cabinetry. The surrounding space can also be used as a separate dining area, leaving the kitchen island free for other options!

The expansive master suite has a very palatial feel, complete with vaulted ceilings, bay windows, a walk in closet and a lovely en-suite bath.

The master bath has lavishly been redone with excellent stone counter tops, a recessed sink, tile flooring and a stall shower with stylishly decorative tile surround.

The spacious cottage work area, separate from the main house, also includes its own en-suite bathroom and storage closet.
