

The modern kitchen features contemporary white appliances & blonde hardwood cabinets set off against dark granite counter tops. Plentiful cabinets & opening out to the family room over the breakfast bar make it an enjoyable way to start to any meal.

The open casual eating area & family room have natural light from windows on 3 sides. Family and guests can easily move between talking with the chefs, eating, or just sitting and talking. The patio in the tree sheltered backyard is steps away.

The master suite provides all you want: natural light from windows on two walls, new carpeted floor, two closets and bath en-suite with stone tile floor, spacious stone covered vanity, walk-in shower, a jetted tub, and a separate room for the toilet. Simple glass blocks provide an uncommon beautiful source of natural light and privacy.

The two other second floor bedrooms also have carpeted floors and are good sized.

The back yard has privacy trees planted near the fence and a large patio for perfect outdoor living and entertaining.
