

The kitchen has medium brown wood cabinets having a simple clean design. Ample, well lit tiled counter space aids meal preparation, while windows on three sides of the sink counter provide you with an enjoyable airy ambiance.

The formal dining room provides you with the classic proven design of being adjacent to the kitchen and open to the living room. A large window looking out to the back yard, lets you enjoy the view of your own outdoors.

The family room is well separated from the formal public areas but is adjacent to the kitchen. It is large enough to provide ample space for a family eating area if desired. Its floor to ceiling brick fireplace will make you cozy on cold days.

The spacious upstairs master bedroom has a large half-walled balcony providing you a fairly private outdoor setting. The en-suite bath has a one-piece synthetic vanity top with two sinks. The bath has a large walk-in shower and room for a large linen cabinet.
