

The open living/kitchen area provides a wonderful area for family activities. A breakfast bar separates the kitchen from the living area. Both areas have been updated but retain the classic charm of the original architecture.

The formal dining room is adjacent to the kitchen and has a beautiful bay window front and built-in sideboard counter.

The spacious master suite is just off the study area at the back of the living area. Vaulted ceiling with sky lights make this a very enjoyable location that you will want to use all day long.

The second bedroom is located at the front of the house, and is given privacy from the public areas by a short hallway.
