

520 RHODES DRIVE | PALO ALTO

This delightful 3 bedroom, 2 bath, single story single family house will make your life at home wonderful. The warm inviting remodeled spacious kitchen provides space for your family to cook together and with the ample sized breakfast area, food can be sampled and shared with those not cooking while conversations flow.

The living room has a polished stone gas fireplace, built-in cabinets and shelves, and opens up to a tranquil patio and backyard.

The over 8,000 sq.ft. lot should allow expansion or even an accessory dwelling unit to be built but of course decisions of the Palo Alto Planning department can neither be predicted with certainty nor promised.
