CHARMING NEWER CHERRY CHASE HOUSE

Imagine living in a cheerful, open, light filled house with modern finishes and premium commercial style appliances. Three of the main rooms; the living room, the family room, and the master bedroom, each have windows on three sides creating a delightful, open, light filled, ambiance.

The cool color scheme, the warm wood floor, the sleek white recessed panel cabinets, “polished stone” counter tops & backsplash, along with the premium commercial style appliances give you a delightful and efficient place to prepare meals. Separated from the dining room and family room by a waist high peninsula cabinet, the cooks can be part of conversations in both the dining room and the family room.

This cheerful light filled house will spoil you. You will be hard pressed to find another home as delightful.
