Newer Corner Townhouse In Coveted Coyote Creek Community

This delightful townhouse provides you an open floor plan for entertaining: kitchen, dining room, and living room. It also gives you an office/family room down a short hallway. A half-bath is between the living room and the office. A large bedroom is also on the main floor with a bath-ensuite. This bedroom has two closets, one of which is a walk-in closet. The en-suite bath features tile floors, two recessed sinks set in a stone vanity top, and a shower over-tub.

Upstairs provides two more bedrooms, one that provides ample room for two beds. The larger bedroom has a walk-in closet. The upstairs hall bathroom also features two recessed sinks set in a stone vanity top. The bathroom is a split design with a door between the sink area and the toilet and tub.

The Coyote Creek Community has a swimming pool, pool house, gym, half-court basket ball, tennis court, children's play area, and lawn area. The miles long Coyote Creek Trail passes right next to the community providing opportunity for walking, jogging, or cycling through seasonal wildflowers. Light rail is a short walk away.
