# 1725 FREMONT ST | SANTA CLARA

With a new addition and extensive remodeling done in 2018, this home is like an almost new home landscaped with low water usage and low maintenance in mind. It is a very enjoyable home that has a covered front porch and a backyard with large shade trees and a deck.

The modern kitchen features grey quartz counter tops accenting white cabinets. Warm coloring is brought in via the wood plank floor. Modern stainless steel appliance including a built-in smooth top electric range making the meal preparation easier. The kitchen is open to the dining room, which has a sliding glass door leading out to the wide side yard the driveway is on.

The large master suite has dual wide french doors opening out to the backyard deck and a spa-influenced glassed-in shower area complete with a soaking tub.
